### Tour Overview

Your tour begins in Santiago where you will have the opportunity to discover the rich history and culture of this incredible city for a few days before heading to the vibrant city of Rio De Janeiro. Here you will take an in-depth tour of one of Rio's numerous Favelas (shanty towns) before visiting the famous statue of Christ The Redeemer. Experiencing an authentic Brazilian BBQ is a MUST before leave this sprawling metropolis and head to the BIGGEST waterfalls on the Globe, Iguazu Falls. Here you will marvel at this natural wonder from both the Brazilian and Argentinian sides. During our stay in Argentina we will get to live it up in Buenos Aires with Tango lessons and an afternoon in the famous Le Boca area, and then relax for a few days on a working Estancia (ranch) where everything is laid on and you can do as much or as little as you please. Our final days in Argentina will be spent in the famous wine region off Mendoza where wine tasting and fine food is the order of the day. Then, after a short but breath-taking flight over The Andes we will spend the remainder of our tour discovering the magical history and culture of Peru!! From the lofty heights of Cusco to the dense jungle of The Mighty Amazon, Peru will leave you with the urge to return to this ancient country as soon as you can. You'll wonder at the incredible ruins that make Machu Picchu one of the World's most intriguing destinations. You'll have the opportunity to swim with Pink Dolphins in the Amazon, fish for Piranhas or simply watch this ancient eco-system from the comfort of your Amazon River Cruise! This tour is truly a Once in Life Time opportunity that should be crossed off your Bucket List. South America will always be there....you won't so see it while you can!!
